President Report

Joe states Checkers MC California club wants to have a race from Primm to Laughlin... Joe has something in mind needs something from Searchlight to Laughlin. Hell talk to BLM to see if something can be done. Corn Dawg recommends Jeff Phillips to talk to. Says typically we are seeing 150-200 racers for the first races.

Vice President Report

He is sending the rule book for approval. Memberships 38 at Groundshakers. 26 at the Buschwackers race.

Treasurer

Coach is not present and nothing to report.

Desert Referee

Jarrold states wants to push online signups for membership. They had some issues at the race with numbers. The number on the bike had novice plates yet said they were amateur racers. Says it needs to be checked at Tech Inspection. We need to figure out numbers asap.

Had a few penalties and 1 disqualification. Speed Zone out of the pits said 1 gear. A handful of people were flying. 1 person was stopped by club member and the rider revved engine and roosted.

The team class was designed to be like the Sportsman's class. He says several extremely fast riders signup for the class. Because of their speed they were interfering with others competitive classes. Almost lead to a fight. Jarrold says since they aren't racing for points it should be stating at the back. The team class managed to ignore starting order and got started before the amateur. The MRAN night race will not have Jarrold or Suzie present due to previous commitments.

Asst Referee

Chris has nothing to report.

Public Relations

Dustin not present.

Legislative Officer

Steve states BLM approved another solar project in Boulder City. The upcoming BLM project in Primm is moving to environmental issues and permitting. He is hoping the other side of the highway could have racing.

Scoring

Suzie states we need to keep people away from the scoring chute. It messes with the scoring counting. The system pings when the riders are too close to the scoring area. She is asking from SNDR to bring extra pens.

Secretary

Nothing to report.

Website

Patricia states all the minutes are updated on the website. SNDR flyer is online after Kody says OK. The photo gallery is able to be linked on the website. The blog on the website is being used so she suggests something for the BLOG.

New Business

SSTB post race report

154 big bike 32 mini 16 peewee 21 50 novice
Couple injuries. Nothing that required medical attention. Overall good event.

Buschwackers post race report

102 big bike 22 minis 18 peewees 15 50 novice 157 total events.
2 injuries that left under their own power.
New racers were present and he was happy for that. Had an issue with numbers. Issues with people speeding in the pits. E-bikes were present on the race course. He said he will be cracking down on the night race. A club member asked again about communication devices.

Jarrod states that he got a text today that someone is taking an e-bike out to the middle of the course and hiding to communicate with a racer.

They have been working on the 2025 race and it will stay in April.

Groundshakers post race report

183 total racers. 3 online didn't show.

There are still people showing up with wrong numbers and colors.

4 racers were penalized. One for speeding in the pits on pit road near 1st gear sign. 1 team guy was going as fast as possible and roosted a club member.

1 girl hurt her arm but medical helped and nothing else is known.

Some people got lost. And ribbon was all over the course.

They will have raffle again this year.

She has a question about entries.

Camping is out there and available. It is happening out past the garbage dump.

Unfinished Business

Zack Liveri is here to discuss so issues. Lincoln county is becoming more used for races. He states we need to work together to hold races out there. Don't cry to the BLM about problems and we need to work together. Stop complaining about other racing associations.

Darkside is working on a co-event.

June 29th night race is a joint venture. Need a scoring person to help with that. And help with marking checkpoint and services. They still don't have medics.

Checkers MC joint race tracks from Nelson to Laughlin. If anyone knows please share.

Feb 8 2025 jackrabbits are looking to race out in Moapa. 2 loop 35 miles 1 and 40 miles 2.

Honda generator for the scoring trailer was missing. The Yamaha was cutting in and out. We are in need of a new generator.

Buschwackers has a question about Casseli marking and the last two races have run out.

Joe and a Buschwackers was having a question about night race markings. Though it would be a good idea to continue with previous years markings.

Chuck Harvey wants to know how long for a desert race. Joe says 8-10 miles.

Dave Martin motion to adjourn
Dave Heath seconds the motion.
